COMING Soon!

New arcade hits for your computer.

You maneuver a military tank around the countryside, attempting to blast enemy tanks, super-tanks, fighters and flying saucers. Use your periscope and radar screen to detect them before they destroy you.

Can you meet the challenge of the mighty Galaxian fleet headed your way? Blast or be blasted, as wave after wave of winged warriors advance toward you from the heavens.

You're the driver of a powerful Grand Prix racing car, working your way around the treacherous road course. Watch out for those curves, road hazards and other cars if you want to make it through the qualifying lap.

Would you like to dine with a lady who has a real appetite for fun and games? Join Ms. PAC-MAN as you eat your way through four different mazes featuring floating apples, oranges, pears, bananas and even pretzels.

Hungry cannibals have captured a fair maiden. To save her you must traverse the treacherous jungle terrain, swing from rope, swim Reptile River, dodge cascading rocks and more.

En garde! The skies are full of fierce warriors riding belligerent armored buzzards. It's your lance against theirs as you fly into the joust, jockeying for survival.

You patrol sector nine, home of the toughest thugs in the galaxy. Fortunately your patrol car has anti-gravity jump buttons and laser bullets to deal with moon rocks, craters, hostile UFO's and tanks.
